

FOR IMMEDIATE RELEASE

**APOLLO ENTERPRISE SOLUTIONS, LTD. ISSUED THE TWENTY-SECOND PATENT COVERING ITS PAYMENTS AND CUSTOMER EXPERIENCE TECHNOLOGIES**

Los Angeles, California, June 16, 2015 - Apollo Enterprise Solutions, Ltd. ("AES") (AES:BH; OAL:GR), the leader in advancing the science of customer experience and payment technologies, has been issued patent #9,063,823 titled "Software development and distribution workflow employing meta-object time stamping" by the United States Patents & Trademarks Office. AES now has a worldwide total of 24 patents issued or allowed and 21 patents pending.

"We are gratified to receive yet another important patent from the United States Patents & Trademarks Office. This patent enables creditors to set time windows for delinquent customers to accept debt settlement offers. This is an empowering technology that allows greater flexibility to creditors and their customers," stated Joseph Konowiecki, AES' Chairman & CEO. "Our team is continually looking forward to developing new advanced technologies that improve the operations of credit issuers and provide for improved customer experience," Konowiecki emphasized.

**About AES**

AES' patented Psychographic Persuasion™ technologies advance the science of Customer Experience for a wide range of industries, including financial institutions, government agencies, utilities and consumer brand marketers. In addition, the Company's TruePay+™ System utilizes these proprietary technologies to enable banks, utilities and other large credit portfolio operators achieve improved operational efficiencies, reductions in write-offs, increases in collections, and new Big Data insights, while enhancing the customer experience and brand loyalty.
